

My Vision

Your **Vision statement** outlines **WHERE** you want your company to be. It should demonstrate the purpose and values of your company by answering the question,

Where do we want to be?

Your **Mission statement** reviews **HOW** you want your company to get there. In a few clear and concise sentences, your mission should define your objectives for both your team and customers. It should also answer the question,

What makes us different?

They are your
COMMITMENT
